

NUR HAZWANI AFIQAH IKRAMSHAH

Rawang, Selangor | +601112389436 | hazwaniikramshah@gmail.com | linkedin.com/in/hazwani-ikramshah

SUMMARY

Motivated career shifter transitioning into **Front-End Development**, with hands-on experience in **HTML, CSS, and JavaScript** through structured online learning and small project builds. Backed by **4+ years of experience in regulatory and compliance roles** within manufacturing environments, where I managed detail-driven processes, audit documentation, and cross-functional coordination. Now aiming to apply my **problem-solving skills, attention to detail, and growing front-end development skills** to contribute to a development team while continuously learning and improving.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript
- **Tools:** Git, GitHub, VS Code
- **Basics:** Responsive design, DOM manipulation
- **Currently Learning:** Node.js

WEBSITE PORTFOLIO

Beginner-friendly personal portfolio website built with HTML, CSS, and JavaScript as part of my front-end learning journey.

- **Portfolio Link:** <https://hazwaniikramshah.github.io/Hazwani-Website-Portfolio/>
- **GitHub Link:** github.com/hazwaniikramshah

PROJECTS

- **Web Design Agency Project**
A simple responsive landing page built using HTML, CSS, and layout techniques.
- **TinDog Project**
Landing page inspired by Tinder, built with Bootstrap and responsive components.
- **Drum Kit Project**
Interactive drum kit built using JavaScript event listeners and DOM manipulation.
- **The Dicee Game Project**
Simple two-player dice game using JavaScript and random number logic.
- **The Simon Game Project**
Memory game built with jQuery to practice game logic and user interactions.

TRAININGS & COURSES

- **INCO ACADEMY:** Data Analytics Course (Google Coursera) - 2025
- **UDEMY:** The Complete Full-Stack Web Development Bootcamp (Dr. Angela Yu) - 2025
- **UDEMY:** JavaScript Data Structures & Algorithms + LEETCODE Exercises (Scott Barret) – 2026
